

Original Line® All Stainless Steel Repairable (Bell Ring)

Your configured part number: D-4161-A-0.011

Additional accessories: (NO ACCESSORIES)

Features and Benefits

- **Full Repairability:**
 - Body secured to rod guide with knurled, threaded nut
 - No hand tools necessary for repairs due to this design
- **Maintenance Free Performance:**
 - Lubed for life w/food grade synthetic grease
 - Blue and Improved design doubles previous cylinder life
- **Low Breakaway:**
 - Inflatable, wear compensating, U-cup rod and piston seals
 - Breakaway slots on each end cap for fast seal inflation
- **Corrosion Resistant:**
 - Ideal for applications in harsh environments
 - Stainless steel bodies, end caps, piston rod, and bell ring nut

Engineering Specifications

Pressure Rating: 250 PSI

Temperature Range:

Buna N seals: -20° F (29° C) to 200° F (90° C)

Fluoroelastomer seals for high temperatures (up to 400° F) available

Materials:

Rod: 303 stainless steel

Body: 304 stainless steel

End Caps: 303 stainless steel

Bell Ring Nut: 303 stainless steel

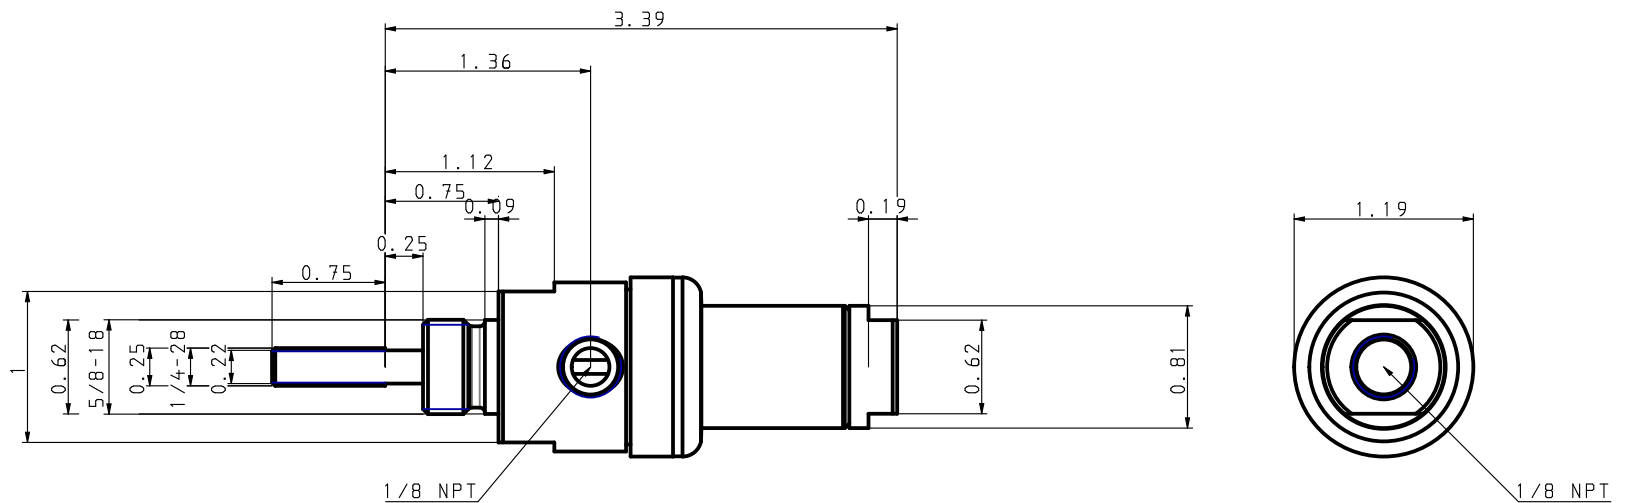

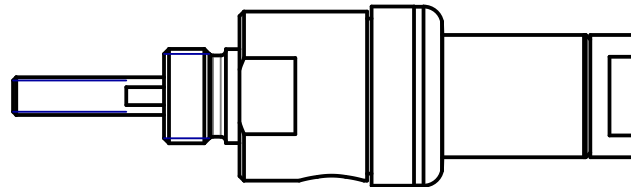

Rod Bearing: Composite FDA approved

Service and Design Capabilities

- **Catalog models available in 4 days or less**
- **Custom design capabilities for your needs**
- **Common modifications include:**
 - Customer logo/part# on cylinder body
